MARCH 3, 2010

Volume 9, Issue 5

Welcome to the newly redesigned McCormick news bulletin. This redesign better features the exciting research and news from McCormick. You may notice that media placements are no longer included. A media summary will soon be made available online in a new format. In addition, a comprehensive list of events is no longer listed in this bulletin. Please visit our [event calendar](#) to learn about McCormick events; make sure to post your events in PlanIt Purple so that they are included in our calendar.

Have suggestions or feedback? Please [let us know!](#)

To include information in the next newsletter, please send it to our [bulletin mailbox](#) by March 15.

ANNOUNCEMENTS

2010 EDC Project Fair Needs Judges

The Segal Design Institute Project Fair is seeking impartial judges to rank the projects for awards. If you're interested, contact [Bruce Ankenmann](#).

HONORS AND AWARDS

Civil and Environmental Engineering

Jan Achenbach received the 2010 Theodore von Karman Medal from the American Society of Civil Engineers.

Jose Andrade received a Faculty Early Career Development (CAREER) award from the National Science Foundation.

Electrical Engineering and Computer Science

Hooman Mohseni was invited to make a special presentation at the National Academy of Science.

Materials Science and Engineering

Tobin Marks was awarded the Wilhelm Manchot Prize and the TUM Distinguished Affiliated Professorship from the Technical University of Munich (TUM).

Greg Olson has been elected a member of the National Academy of

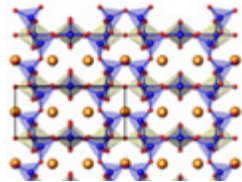

Jan Achenbach to Receive Theodore von Karman Medal

Jan Achenbach, professor emeritus in service of mechanical engineering and civil and environmental engineering, will receive the 2010 Theodore von Karman Medal from the American Society of Civil Engineers.
